FRIDAY EVEN'G., JANUARY 9

SINGULAR ACCIDENT - Last Friday evening Mr. G. A. W. Taylor, father of Capt G. Wat Taylor, and a brother of Messis. James M. and W. P. W. Taylor a former resident of this city. now engaged in farming operations in Chesterfield, met with a serious accident which, for a time, excited the gravest apprehensions of his family as to his recovery. It seems that about 3 o'clock in the afternoon one of his daughters upon going out on the back perch of the house heard cries for help coming from the direction of the ice house. She went into the house, and getting other members of the family, they went to the august of the companion of the control of the second of the sec to the quarter from whence the cries came, and upon looking down into the ice house, discovered Mr. Taylor lying at the bittom. The india-being powerless to render their father any as-sistance, hurriedly dispatched a messerger for help. Several gentlemen in the neighborhood foon responded, and upon going down to where Mr Taylor was lying found that he was serious-ly injured and unable to move. It was more than three hours before he was gotten out.

Mr. Taylor is unable to give any account of the accident. He has no recollection of going to the ice house. There are no bruses on his body, but he self is it tense pains internally, and his eyes are crossed. The affair is considered a very singular one. The fall was some thirteen feet - Rich. State.

The Alexandria Gazette, begun in 1:30, is the oldest newspaper in Virginia, and it has survived, with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives too, not in decay or decrepit, but full of life and youthful viger. giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but fell to the brim with all public information, and giving daily honest judgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with but two exceptions, the only paper between Baltimore and Rich. mond that is thus connected with the great fountains of the world's news.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and eventin the interest of the people of the Common wealth

The year 1880 will be a period of critical interest in both the Union and the Commonwealth, The election of the eighteenth President of the United States will take place, with all the combinations precedent, and counts; consequences and settlements subsequent, will call for record in the coming volume. The developments of the financial situation, which may portend silluence and comfort or poverty and privation to thousands, are now in progress, and the columns of the Gazatte will note each step as well as chronicle the result. A new and striking foreign policy is among likely events, and the absorbing ginia there is political chaos and industrial and commercial depression. The way out of this quagmire will fill many of those paragraphs with information of rare interest.

To meet all the demands upon it in an exceptional year, the Gazette will be made a WASH-INGTON and RICHMOND NEWSPAPER. as well as an ALEXANDRIA JOURNAL. The Richmond and Washington news of the past year has left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will flad as usual its daily history in each evenlag's issue, and the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of, its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously chronicled.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking ears as will reader an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates offset this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandris and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c., which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.

TERMS OF SUBSURIPTION.

The beginning of the New Year, which in this case marks the advent of another decade of the world's progress, is deemed a fit time for new features, so that from this date the Gazette for the country (tri-weekly) will be supplied at FOUR DOLLARS per annum in advance.
